

NATIONAL SECURITY COUNCIL

June 24, 1975

MEMORANDUM FOR: LT. GENERAL SAMUEL V. WILSON, USA
D/DCI/IC
Chairman, NSCIC Working Group

SUBJECT: NSCIC Working Group Action Program on the
Evaluation of Intelligence Community Product

In my memorandum to you on December 10, 1974, I pointed out the advisability of establishing a subcommittee to conduct a systematic evaluation of the product published by all members of the Intelligence Community. I have raised this same suggestion at subsequent meetings of the Working Group as well as in personal conversations with you.

At this time, I propose the addition of the following agenda item for consideration at the Working Group meeting on July 2, 1975:

Working Group Action Program - Evaluation Subcommittee

A proposal from Richard Ober will be presented to the members for the establishment of a task force or subcommittee, similar in composition to the Working Group, as a first step in our efforts to conduct a systematic evaluation of Intelligence Community product. The initial assignment for this group will be the evaluation of the Community's current intelligence publications. An outline of this evaluation project is attached.

I would appreciate it if you would distribute the attached action program outline with the revised agenda, so that all members will have a chance to review the proposal before the meeting.

Richard Ober
Director for Intelligence Coordination
NSC Member of the Working Group
